Attorney General John Ashcroft
US Department of Justice
950 Pennsylvania Avenue, NW
Washington, DC 20530

Dear Attorney General Ashcroft:

I am writing to express my opinion regarding the legal dispute between Microsoft and the Department of Justice. I feel that the settlement reached between the two is fair, and this matter should end quickly.

The agreement is fair because it requires significant changes in Microsoft's future business dealings. To give you one example, Microsoft consented to license its Windows products to large computer makers at the same rate and on equivalent terms and conditions.

In summary, the Microsoft case has reached a fair settlement. Future government intervention will only hamper business as a whole. Please conclude this case, and allow Microsoft to develop now so that it can

improve the nation's economy.

Sincerely,

Henry C. Parisi
